

You might have noticed some changes to our Ferny Grove practice...

This awesome bench seat and our new outdoor area was built by Steve Telfer from Help @ Home ([telfspainting@hotmail.com](mailto:telfspainting@hotmail.com)) He is one of our very talented Dads here at Dr Susan Barber Orthodontist. Thanks Steve for all the hard work, our patients love what you have done!

If your Mum or Dad has a cool job that you would like us to feature in one of our newsletters please email [tc@barberorthodontics.com.au](mailto:tc@barberorthodontics.com.au) and let us know!

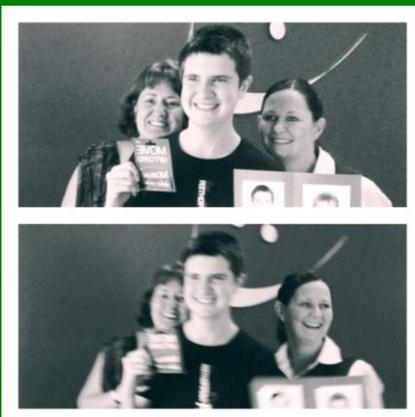

# Brace Yourself

## Your Orthodontic

Thank you Dr Barber for supporting the PRNA Under 12-1 Rep Netball Team by donating a Dr Barber Goody Pack that was raffled off at their fund raising BBQ to raise money for the team's 4 day trip to the Challenge Carnival in June. Have you made a sporting achievement or are you raising money for a special cause? We would love to hear about it!

What type of toothbrush should I use???

Dr Barber recommends that a soft-bristled toothbrush is best for removing plaque and debris from your teeth. Small-head toothbrushes are also preferable, since they can better reach all areas of the mouth, including hard-to-reach back teeth.

Is it okay to use a mouthwash???

Twice daily brushing and flossing are enough in most cases for good oral hygiene. However the Australian Dental Association has placed its seal

of approval on many mouthwashes that do not contain alcohol. For some patients a salt and warm water rinse can be just as good.
